

JULIEN

Bar Stool

Description Made from solid

American oak and a stunning woven rope seat, the Julien stool is a simple yet refined piece of furniture, beautifully textured, classic and full of charm.

Material

American oak is famous for its lustrous finish and strength in furniture design. Oak typically has a fine grain that is strong and visible with few markings or features. Please be advised that timber is a natural material with grain detail, colour and finishes subject to variation.

Paper Rope

Experience the rich heritage of paper rope seating, a tradition dating back centuries. Originating in ancient Egypt, paper rope was ingeniously crafted into seats for pharaohs' thrones, symbolizing both luxury and durability. Over time, this technique spread across cultures, notably in Asia and Europe, where artisans perfected the art of weaving paper into sturdy and stylish chair seats. Synonymous with Danish design of the 1940s, today, we honor this timeless craftsmanship by offering a collection of chairs in the same tradition of hand weaving, seamlessly

Warranty

All of our product is backed by a structural 12 month warranty.
