

PANAMA

Dining Collection

Description

The Panama dining range embraces a contemporary and elegant homage to craftsmanship and fine detailing. Solid messmate timber and soft edges celebrate the natural solid nature of the material.

Material

Messmate timber will often display subtle growth rings, flowing grain marks & occasional gum veins, all of which tell the story of our great Australian landscape and reflect the individuality of every piece of furniture. Many of these characteristics are born from withstanding extreme weather conditions over many years, such as bushfires, severe storms, flooding and prolonged periods of drought, showcasing nature's signature across every piece of timber furniture.

The Messmate timber used in this product is expertly manufactured into our signature, durable and full-of-character furniture pieces.
