

Roland High Back 235/435/635

FUNCTIONS

3 DIFFERENT SIZES FOR PERFECT FIT

Furnsit™ recliners are available in 3 different sizes for perfect fit.

SEAT HEIGHT

We offer the possibility to lower (2cm/0,8inch) or increase the seat height (2cm/0,8inch) across all sizes. This is done with a cylinder swivel mechanism of different heights.

COLD CURE MOLDED FOAM

The recliners are made with high density Cold-Cure Molded Foam Cushioning. Computer controlled 56 kg/m3 (3.5lb/ft3) density foam is liquid form injected directly over the steel frame. This unique space-age technology ensures comfort, body correct support as well as durability.

BASE OPTIONS

We offer different base options. Wood bases are available in different wood finishes.
